WORK EXPERIENCE

Frontdreams

Web Developer

Cyprus, Remote

March 2020 - Present

- Developed and maintained code for various client websites primarily using Javascript, HTML, CSS, SASS, Bootstrap, WordPress, and Joomla.
- Delivered engaging user experience through optimization of images, code, and cross-browser compatibility, increasing Time on Page by 60+ seconds for 50+ websites.
- Tested sites in multiple browsers and devices to ensure cross-browser compatibility and mobile responsiveness.
- Ensure efficient web development by supporting designers and developers while resolving website performance issues.
- Facilitated meetings with clients on a weekly basis, providing technological expertise and knowledge, improving customer satisfaction to nearly a 100% from the previous 80% by identifying the customers pain points through feedback.
- Integrated stripes for payments and implemented the checkout process in addition to developing reports for orders.

Credz.io

Frontend Developer

Sweden, Remote

January 2019 - February 2020

- Collaborated with marketing and research teams to incorporate brand elements and relevant market research findings into the company's website.
- Produced stunning visual elements of web applications by translating UI/UX design wireframes into code while producing high quality reusable markup using HTML, CSS and Javascript.
- Collaborated with a small team of 3 backend developers to spearhead the design, development, and launch of the Credz affiliate system using JavaScript.
- Proposed and implemented agile practices like, kanban boards, code reviews, git branching, and stand-up team meetings to ensure best development practices, increasing teams productivity to nearly a 100%.
- Communicated and collaborated with multi-disciplinary teams of engineers, designers, producers, clients, and stakeholders daily.
- Successfully worked with designers and management team to develop, document, and manage the Credz token launch marketing website using JavaScript.
